Up to six players can Play. A piece jumps on another piece, no matter the color. The better you are in the analysis of patterns and the prediction of movement of your opponents, more games will win. I have tried to play this game in about five different days and I have gone through the same routine every time. When I arrive from 20 to 30% to the game, the screen becomes black, and I return to my home screen from where I played the game in the first place. You can chain several licks in a single movement.
